The Honest Founder Newsletter

A swipe file + structure for emails people actually open — because they sound like a human, not a brand.

Why honesty outperforms polish

People are numb to marketing and starved for real. The honest founder voice — plain, specific, a little vulnerable — is your unfair advantage.

The structure

- ☐ Hook: one honest line, no preamble
- ☐ The turn: the real reason / lesson
- ☐ The proof: a concrete example
- ☐ The ask: reply with one thing

SWIPE

“Everyone's doing X right now. Most are selling magic. I won't. Here's the honest version...”

The reply engine

End every email with a question that invites a one-line reply. Replies train deliverability AND surface warm leads.

Cadence

One real email a week beats five polished ones a month. Show up plainly and consistently.
