

BRAND IN A DAY

Position Yourself as ‘The AI Person’

Become the obvious choice in your circle for AI — without being the loudest or the most technical.

The 1000-hours advantage

You don't need to be the world expert. You need to have done the hours your audience hasn't. That gap IS your value.

THE PITCH

“You don't need to learn AI. You need the 1000 hours someone already did.”

Position on time, not tech

Nobody buys 'AI.' They buy their time back. Frame everything as: I find where your time leaks and build the thing that plugs it.

Show, don't claim

- ☐ Post the boring wins (a task now automated)
- ☐ Share the honest reality, not hype
- ☐ Name one task you'd automate for your audience
- ☐ Invite the reply: 'what eats your week?'

The anti-hype edge

Everyone else sells magic. You sell honesty: AI isn't magic, it's a tool that does real work. That's the trust play that converts.

GO DEEPER

Want this done for you?

This guide hands you the system. If you'd rather have it built for you, that's what I do: I find where your time leaks and build the tool that plugs it. No hype — just your hours, back.
