

BRAND IN A DAY

The Quote Card Playbook

How to make scroll-stopping branded quote cards — the format, the layout, the words that travel.

Why quote cards work

They're the most shareable format on social: one idea, big type, your brand mark. Cheap to make, high to spread.

The layout formula

- Square (1080x1080), brand background
- One short, punchy line — big serif type
- Your signature mark + handle at the bottom
- High contrast: light text on dark, or reverse

Words that travel

- Reframes: 'It's not X. It's Y.'
- Permission: 'You don't have to X.'
- Hard truths said simply
- Numbers + a twist

CONSISTENCY

Same template every time = a recognizable series. Vary the words, never the frame.

The batch trick

Write ten lines in one sitting, drop them into the same template, and you have two weeks of posts in an hour.
