

CONTENT & POSTING

Atomize One Idea Into a Week of Content

The repurposing system that turns a single pillar into a full week across every format - prompts included.

One pillar, many shapes. Repeat the message in new clothes.

- 1 Start with one raw pillar: a video, transcript, or voice note.
- 2 Map it across the week: anchor, carousel, post, quote cards, meme, list, newsletter.
- 3 Keep every piece in your voice and pointed at one message.
- 4 End each piece with the same call to action.
- 5 Repetition across formats is what makes it stick.

That's the whole system. The rest of this guide walks each step, with copy-paste prompts you can run in one tap.

Same idea, seven shapes.

PROMPT · MAP MY WEEK

Turn this core message into a 7-day content map (anchor video, carousel, written post, quote cards, meme, use-case list, newsletter). For each, give the hook and the angle - all in my voice, all pointing to the same CTA: [YOUR CTA].
