

BRAND IN A DAY

The Quote Card Playbook

How to make scroll-stopping branded quote cards - the layout, the words that travel, and prompts to generate them in bulk.

The most shareable format on social - cheap to make, high to spread.

- 1 Square, brand background, one short punchy line in big type.
- 2 Your signature mark + handle at the bottom.
- 3 High contrast: light on dark, or reverse.
- 4 Write words that travel: reframes, permission, hard truths.
- 5 Same template every time = a recognizable series.

That's the whole system. The rest of this guide walks each step, with copy-paste prompts you can run in one tap.
