

THE COMPLETE SYSTEM

The Solo Founder's AI Operating System

The complete bundle: every system to run your whole business with AI - context, content, brand, money, and automation. 20 guides, one operating system.

One person, operating like a team - because the systems carry the load.

- 1 Brain: the AI Chief of Staff + Context Nucleus.
- 2 Structure: portfolio org chart + agent delegation.
- 3 Reach: the 1-video content engine + posting systems.
- 4 Identity: brand-in-a-day + quote cards.
- 5 Money + leverage: subscription audit, cancel templates, 50 automations, company GPT.

That's the whole system. The rest of this guide walks each step, with copy-paste prompts you can run in one tap.
